## **MEMORANDUM**

**TO:** Statutory Revision Committee

**FROM:** Kristen Forrestal, Office of Legislative Legal Services

**DATE:** March 4, 2022

**SUBJECT:** Proposed bill draft concerning technical changes to the practice acts regulating mental health professionals

### **Summary**

The proposed bill makes several changes to update and make technical changes to the practice acts regulating mental health professionals. The proposed bill fits within the charge of the statutory revision committee as it makes changes to errors in the law and deletes obsolete provisions of law.

### **Proposed Bill**

#### **Section 1:**

This section of the bill adds mental health professional to the list of individuals and entities that are not held liable for dispensing an opiate antagonist in accordance with the law. This addition ensures the statute listing those who will not be held liable for the lawful use of an opiate antagonist matches the list of those who are authorized to possess and furnish an opiate antagonist in accordance with the law.

This section also updates the definition of mental health professional by adding "unlicensed" before "psychotherapist" in the definition. The term used throughout the mental health practice acts for a person who registers to practice as a psychotherapist is "unlicensed psychotherapist."

**Section 2:**

This section adds a missing citation for clinical social worker candidates and adds addiction counselor candidates to the list of mental health licensee candidates who are subject to discipline by their respective regulatory boards.

**Section 3:**

This section updates the definition of "registrant" by adding a cross-reference for clinical social worker candidates and by adding addiction counselor candidates to the definition.

**Section 4:**

This section adds unlicensed psychotherapists to the section of law that clarifies that mental health professionals cannot administer or prescribe drugs or practice medicine.

**Section 5:**

Current law prohibits a person who practices religious ministry from publicly claiming to be a licensed, certified, or registered mental health professional unless the person possesses the proper credentials. This change adds certified addiction specialists and certified addiction technicians to the list of mental health professionals and makes a technical change to that same section of law.

**Sections 6, 7, 9, and 10:**

These sections delete obsolete language from the social worker practice act, the marriage and family therapist practice act, the licensed professional counselor practice act, and the addiction counselor practice act concerning the initial appointment of members to their respective regulatory boards.

**Section 8:**

This section replaces the term "psychotherapists" with the proper term "mental health professionals" in the definition of "marriage and family therapy practice."
